

# TASKFORCE UPDATE

ISSUE 7, 24 APRIL 2009

## In this issue

- Nation Building and Jobs Plan Taskforce website launched
- Housing Land and Multi Unit Dwellings RFP update

## Nation Building and Jobs Plan Taskforce website launched

Communicating the goals of the Nation Building and Jobs Plan Taskforce to the people of NSW is extremely important and a new Taskforce website has been designed to do just that.

Funded by the Commonwealth Government's National Building Economic Stimulus Plan, the Taskforce ensures rapid and coordinated delivery of Education and Housing facilities within NSW.

The new website contains useful information about the Housing and Education programs, previous Taskforce updates and fact sheets about Taskforce programs in NSW.

## Housing Land and Multi Unit Dwellings RFP update

**Tenders for 870 sites** were received during the four week expression of interest period that closed on Thursday 9 April.

Housing NSW, Landcom and six project management firms have commenced assessing the tenders against the Nation Building – Economic Stimulus requirements. They have started with tenders that are ready for construction, have development consent or have lodge a Development Application as part of fast-tracking of the tenders.

A list of approved tenders should be finalised in early June.

According to the Department of Commerce (who managed the e-tendering process), this was the largest tender exercise they have ever undertaken. Housing NSW reviewed 1,340 uploads as a number of these were multiple tenders for the same site or were two uploads containing different information but in relation to the same site.
