1. Explanatory Notes

- This report presents accounts payable (general ledger) spend as collected by Department of Finance, Services & Innovations (DFSI) from over 150 entities of the NSW Government and excludes some small entities, State Owned Corporations, Universities and government entities of other jurisdictions
- As the 'custodian' of the spend data, DFSI is unable to confirm the completeness or accuracy of the payments data received from the entities
- DFSI regularly improves and refreshes how agency payments data are presented; therefore, caution should be exercised when using historical figures previously used.
- Amount displayed is construction category spend only; categorised by nature of the suppliers' business
- Spend is consolidated by ABN provided by NSW Government entities; entities with differing ABNs treated as separate vendors
- Spend information represents payments (account payable) reported and made during the 2015-16 financial year.
- Suppliers identified to be Government Entities as well as non-construction in overall nature were excluded.
- Figures excludes GST
- Public-Private-Partnerships (PPPs) are excluded from the Spend data
- Peculiar trading names were reviewed and linked back to Business entity names
