

Schools at the Meadowbank Education and Employment Precinct

Works notification

May 2020

Site establishment and remediation works

Dear neighbour,

We are writing to inform you that site establishment for the Schools at the Meadowbank Education and Employment Precinct will commence to prepare the construction area ahead of works starting. As part of this, the contractor will install the site office and work sheds, and deliver equipment.

Site establishment will start on Wednesday 3 June 2020 and is expected to take two weeks. Once site establishment has been completed, remediation works to prepare the site for construction will begin.

Work will take place between 7:00am and 6:00pm from Monday to Friday and between 8:00am and 1:00pm on Saturdays, weather permitting. No work will be carried out on Sundays or public holidays.

Due to historical uses of the site, some materials and residues have been identified on the site that need to be removed. Remediation work will involve the removal or treatment of these materials to ensure that the site is safe. Specific remediation methods will also be used to protect all trees on site during this work.

The health, safety and well-being of students, staff and neighbours is our highest priority. Work will be carried out in accordance with safety guidelines to protect the safety of our workers and the local community at all times.

Thank you for your cooperation during this important work.
