

# How to stay COVID Safe at work

## Physical distancing

- Maintain 1.5m distance wherever possible
- On large sites avoid unnecessary contact between work groups
- Conduct tool box talks in small groups or use electronic communication methods

## Personnel lifts and hoists

- Maintain physical distancing in lifts where possible, most lifts can take 2-4 people at a safe distance
- Avoid congregating when waiting for lifts or hoists
- Maintain physical distancing in lifts and lift waiting areas as far as possible
- Comply with signs about lift capacity and preventing overcrowding

## Personal hygiene

- Wash hands or use sanitiser often
- Avoid sharing tools, where possible, or clean between use
- If you are feeling unwell call your boss before coming to work and go and get tested for COVID-19
- Don't share drinks, phones or other personal items with your workmates
