Terms of Reference

The Review will be looking to address the following three questions:

1. Do the benefits of rice vesting outweigh the costs to the community as a whole?
2. Are any net benefits (or the majority of these benefits) derived as a result of rice vesting alone?
3. In the absence of rice vesting, would a viable rice export market continue to provide benefits for NSW rice growers?

For further information on the Term of Reference, please refer to the [Information Paper](#).
