# Project Remediate

## Benefits

## Benefits for Strata Communities

- **Managing Contractor-** scaled experience across all schemes in the program, bulk pricing, leveraged experience
- **Guaranteed outcomes-** certifiable products and certainty
- **Prevent scope creep-** proper site analysis and detailed design
- **Insurance benefits-** upon registration and post completion
- **Financial support-** no interest loans, managing contractor, project assurance, strata manager support costs
- **Most importantly-** make your community safe.

# Project Remediate

## Concerns... and solutions

## Strata Communities uncertainty

- **Design is already developed-** sign up now to ensure the Project Remediate team can review the design.
- **Contractor is appointed-** sign up now to determine if you can participate
- **Cost of a loan or Remediate works-** the substantial financial support and comprehensive design will likely reduce costs
- **Insurance is due-** schemes registered for Remediate are having terms renewed.
- **Litigation is underway-** Project remediate can run concurrent to these actions
- **Uncertain of suitability-** don't miss your opportunity
