This Addenda No. 2 is issued in response to:

1. A new website link to access grant documentation
2. Amendments to the Application Form, and
3. The one (1) email query received from 25 February to 4 March 2022 (1200H cut off).

Amendments / Updates

A. New website to house grant documentation

The new website to access all grant documentation and addenda is [here](#). The content of all documents remain unchanged. The grant information webinar can still be viewed [here](#).

B. Amendments to Application Form

- Links to grant documentation throughout the Application Form have been updated to link to the new web location (see update A above)
- *Part 9 - Insurance* in the application form contained an incorrect clause reference to the draft Funding Deed. This has been corrected in SmartyGrants to clause 19.

Questions and Answers

1. **I was also wondering if volunteering is considered an activity/outcome. Having worked with young people with diverse learning needs over many years, volunteering, in some instances for a few hours a week, is a wonderful outcome allowing for community participation, opportunity to build employability skills and a chance to practice independence and life skills.**

Volunteering is considered an engagement within the GBIG program.
