Program Overview

As agents of social change, economic development and progress, young people are an essential part of vibrant regional communities. There is substantial evidence demonstrating that young people thrive and develop best when able to regularly participate in recreational and social activities. However, young people in regional NSW often face geographical, financial and accessibility barriers that impact their ability to enjoy recreational and social activities within their local communities.

The Holiday Break program provides young people with opportunities to connect, socialise, and have fun during the school holidays by delivering a range of free and subsidised activities across regional NSW. The program is funded by the [Office for Regional Youth](#).

As part of the Holiday Break program, eligible local councils and regional Not-for-profits are invited to apply for funding to provide social and recreational activities for young people aged 12-24 years. Activities must be held during the NSW school holiday period. Funding is made available to ensure young people can access recreational and social activities that are free and subsidised, local and responsive to their needs and interests.

Program Funding

As part of the NSW Government's \$2.8 billion COVID-19 Economic Recovery Strategy, the Office for Regional Youth's Holiday Break program received a \$10 million funding boost to deliver an expanded program to 93 regional Local Government Areas.

This funding is a significant investment and will enhance the program as well as support the wellbeing of young people in regional communities across the state.

Program Objectives

The Holiday Break program objectives are to:

- Address geographical, financial and accessibility barriers that impact the ability of young people in regional NSW to enjoy recreational and social activities within their local communities,
- Provide funding for local councils and regional Not-for-profits to host fully subsidised recreational and social activities,
- Deliver a program of engaging, high-quality events during the NSW school holidays,
- Increase access to free, local recreational and social activities that are responsive to the needs and interests of children and young people, and
- Assist the Arts sector recover from the impacts of COVID-19 through creation of employment opportunities targeting arts sector employees.

Priority groups of young people

The Office for Regional Youth recognises that some young people have specific service and accessibility needs when accessing recreational and social activities within their local communities. To meet the needs of these young people, Not-for-profit applicants must provide activities that target one (or more) of the priority groups below:

- Aboriginal young people

- Young people that are carers
- Culturally and Linguistically Diverse young people
- Young people from a refugee background
- LGBTIQA+ young people
- Young people living with a disability
