Date that initiative or project commenced:

1. What was the need or issue for your community?

Describe the issue or problem that needed to be addressed to improve the disaster resilience of your community.

Your Answer: (300 words max)

2. What was the initiative?

Describe the initiative and include the date it commenced.

What specific actions were taken to make your community better able to plan, prepare and/or recover from natural disasters?

How did the initiative support/work with the local emergency management arrangements?

Your Answer: (300 words max)

3. How did the community work together on this initiative?

What organisations and groups participated in the initiatives?
How did you collaborate with each other and community members?
Were there partnerships formed or strengthened as a result of the project?

Your Answer: (300 words max)

4. What did your community initiative achieve?

What are the specific benefits to the community, including any long-lasting benefits?
If the initiative is ongoing, what has it achieved so far?
Provide any evidence of how the project has specifically helped the community prepare for and/or recover from disaster events?
What are the long-lasting benefits that came from your initiative?

Your Answer: (300 words max)
