# Message from the Deputy Premier

---

The NSW Government is committed to making regional NSW the best place to live. That is why I am so pleased to announce Round 5 of the popular Stronger Country Communities Fund with up to \$160 million available to support our regional communities big and small.

Having faced the worst floods, drought and bushfires on record alongside the impacts of COVID-19, it has been a challenging time for people living and working in our regions. This continued investment in regional NSW aims to restore and strengthen our regional economies.

Over the past four rounds of the Fund, we have provided more than \$500 million to over 2,000 local grassroots projects aimed at reinvigorating rural communities in every single regional Local Government Area across the state.

Now in its fifth round, the Stronger Country Communities Fund will continue to deliver vital community infrastructure such as bike paths, sports fields, main street upgrades, playgrounds, community centres and much more.

I am proud to say this Fund helps bring to life our vision for growing local economies and making everyday life better for everyone who lives, visits or does business in regional NSW.

I hope you take the time to submit a funding application and I look forward to seeing the final projects supported through this Fund.

## Project locations

Projects must be located in one of the 93 regional NSW Local Government Areas, Lord Howe Island or the Unincorporated Far West. Projects in Greater Sydney, Newcastle and Wollongong are not eligible.

# What types of projects are eligible?

Similarly, while projects can be located on private land they must not be solely for private benefit. The Applicant will need to show how the facility will be open to the community.

See page 14 for examples of Eligible Project Costs.

## Inclusion and accessibility

The NSW Government is seeking to support regional communities to future-proof infrastructure and programs by funding universally designed projects. These projects should move beyond current day compliance standards and provide dignified and equitable inclusion to social and community programs for people with disability.

Funding will support projects that improve community participation, livable communities and accessibility and inclusion outcomes. These will assist people with disability and accessibility requirements to participate independently with equity and dignity.

**Applicants must demonstrate consideration of accessibility and inclusion measures in their application.** Projects which demonstrate the provision of fit-for-purpose, accessible and safe facilities, and increased participation opportunities by increasing accessibility and inclusion/universal design are encouraged.

This applies to both infrastructure projects and community or social programs aiming to improve existing accessibility and inclusion to encourage greater participation.

## Improved outcomes for Aboriginal people

The NSW Government is committed to supporting Aboriginal people and communities to drive local and place-based initiatives and solutions through funded projects. It acknowledges regional communities are unique and therefore initiatives and solutions need to be bespoke, tailored and determined by the local community.

Projects that seek to improve outcomes for Aboriginal people must align with the skills, aspirations and experiences of local Aboriginal communities. Projects must address a demonstrated community issue and deliver positive impact on social outcomes for Aboriginal people and communities in regional NSW.

# Assessment process

## Decision making

Following receipt of applications, the Department of Regional NSW will review projects against the Eligibility Criteria and then arrange for the assessment of projects against the Assessment Criteria.

Through the assessment process, the Department may request additional information from the Applicant. The Department may also seek advice from other NSW Government agencies or other third-party providers (such as probity advisors) to assist with the assessment of projects. The Stronger Country Communities Fund assessment panel will review project eligibility and assessment outcomes and form a list of projects that are deemed suitable/not suitable for government consideration.

The assessment panel may recommend part-funding projects where there is insufficient funding available for the whole project or where only a component of the project is considered suitable for funding. This may include part-funding projects under the minimum grant threshold of \$100,000.

***Broader factors that may be considered when assessing the overall package of projects suitable for funding include:***

- amount of funding available
- suitability of projects for other government funding opportunities
- other factors deemed relevant and important in a local or whole-of-NSW context.

The Department can take other factors into account that may make an application ineligible for funding, such as any person, business or organisation that could cause reputational or other risk to the NSW Government.

The assessment panel may at their discretion recommend a project conditionally on the basis that an external, professional project management service be engaged for the project to ensure appropriate affordability and deliverability. Where appropriate, projects may be referred to other funding programs in the NSW or Australian Government for consideration.

The assessment panel's advice and recommendations will be provided to the Deputy Premier for consideration and final approval.

## Probity advice

Independent probity advisors will provide guidance to the Department on any issues concerning integrity, fairness and accountability that may arise throughout the application, assessment, and decision-making process. This will ensure decisions are made with integrity, fairness and accountability, while delivering value for money for NSW.

## Can Ineligible Projects be referred to a more appropriate funding program?

Yes. Projects that are more suitable for other NSW Government programs may be referred to those programs. Applications that are referred will be subject to the full Assessment Criteria of the other NSW Government program to which they are referred. Applicants may need to update their application to meet the criteria of the referred program.
