SmartyGrants provides an easy way for grant seekers to complete their application form online. This guide will explain the essential steps you need to take to complete and submit your form.

Some of the features of SmartyGrants are:

- You can save your progress and return to complete your application at a later time or date;
- Your application is stored online, therefore there is nothing for you to save to your own computer, and;
- You can be certain that a grantmaker has received your application when you submit it.

Community Development Grants 2012

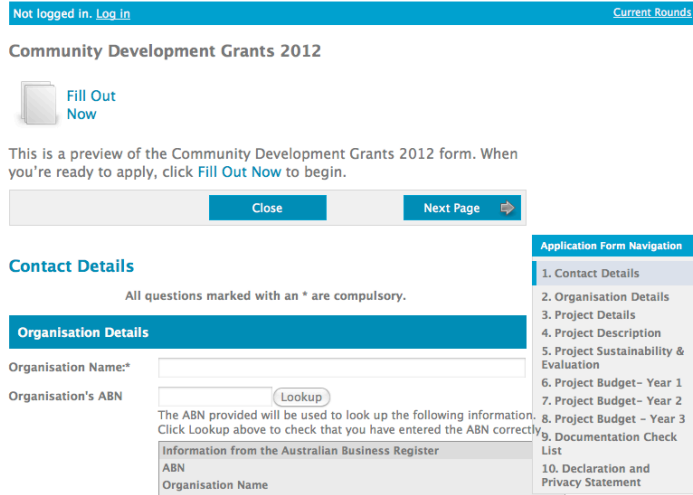

Submissions are now being accepted. Submissions close at 5:00PM 7 December 2012 (EST-Summer - Sydney time).

To preview the entire application form, simply click on **Preview the Form**.

This will show you the form in preview mode.

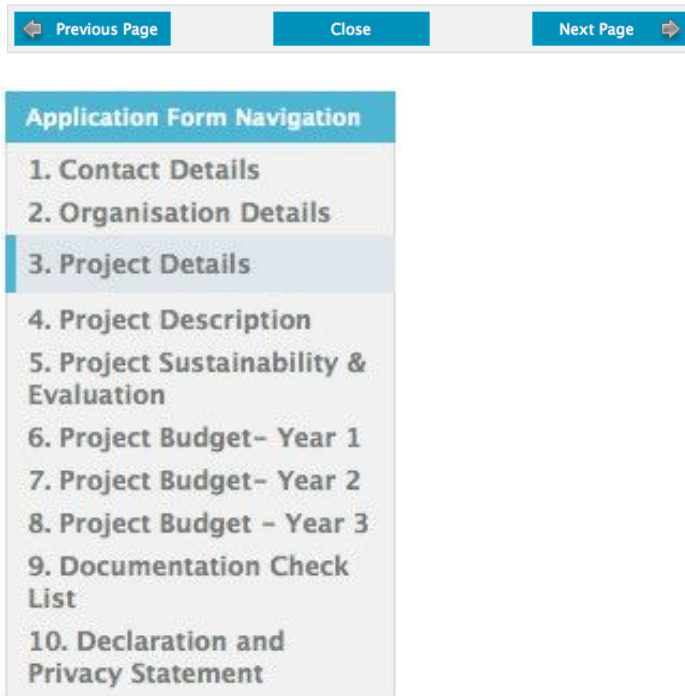

NOTE: You can't fill out the form while in preview mode. In order to complete the form you need to complete Step 2.

The screenshot shows the 'Community Development Grants 2012' form preview. At the top, there is a status bar with 'Not logged in. Log in' and 'Current Rounds'. Below this, the title 'Community Development Grants 2012' is displayed. A 'Fill Out Now' button is prominent. A message states: 'This is a preview of the Community Development Grants 2012 form. When you're ready to apply, click Fill Out Now to begin.' Below the message are 'Close' and 'Next Page' buttons. The main content area is titled 'Contact Details' and includes a note: 'All questions marked with an * are compulsory.' Underneath is the 'Organisation Details' section, which has input fields for 'Organisation Name*' and 'Organisation's ABN'. A 'Lookup' button is next to the ABN field. A tooltip explains: 'The ABN provided will be used to look up the following information. Click Lookup above to check that you have entered the ABN correctly.' The tooltip lists 'Information from the Australian Business Register' with fields for 'ABN' and 'Organisation Name'. On the right side, there is an 'Application Form Navigation' sidebar with a list of 10 sections: 1. Contact Details, 2. Organisation Details, 3. Project Details, 4. Project Description, 5. Once you have registered an account, you will use the same username and password for any additional applications you may create in the future by any grant maker using SmartyGrants.

Handy Tip!

A handy tip is to take note of the web link (URL) / pathway you are using for your application. Each grantmaker has a unique link for their site. You might even like to "Bookmark" the link or add the link as a "Favourite" within your internet browser. This can be particularly helpful if you intend creating multiple applications by multiple grantmakers.

Clicking on any these will take you to the appropriate page.

NOTE: Your application form is saved every time you navigate between pages.

Save and Close

You can return to your application at any time prior to the close date of the grant round and continue your application, simply by logging back into your account per **Step 2**.

Once you log back in you can click on "**My Submissions**" - here you will find a listing of all applications you have begun to fill in and all that are completed.

Step 4 - Review and Submit

Q: Change my account details or password

You can change the name, organisation and password for your account by going to **My Submissions** and clicking on **Update My Details**.

To change the email address associated with your account please email service@smartygrants.com.au For more detailed instructions refer to the following help [Update your account details or password](#)

Q: I tried to use the reset password and....

Option 1 - I did not get the email

Step 1: If you did not get the email check your spam and junk mail – although it could also be that your organisation spam filter is blocking the email.

Step 2: Please CHECK THAT YOU ENTERED YOUR EMAIL CORRECTLY. Typos are quite common for applicants either when filling out the forgotten password or when registering their email address as the username.

Step 3: Make sure you are using a registered email address. It is quite common for users to try and access the system using an unregistered email address - you can check this at your end by looking at the application online via the manage site.

Option 2: I reset my password but I was asked to update my details

The user has taken the extra unrequired step after changing their log in details of clicking into the update details link. This asks then to change the account password and provide the old password. This step is unnecessary. Simply click out of this area into the my submissions area.

Q: How often should I save my application form? Is there a timeout limit?

It is highly recommended that you click **Save Progress** every 10 to 15 minutes when you are filling out a form.

For security reasons you will be logged out of your application if 30 minutes has elapsed and you have not saved your progress or navigated between pages. When you are logged out of the system you will lose any changes you have made to that page that have not been saved. To avoid this happening, simply click **Save Progress** periodically if you are spending a long time working on one page of the form.

Q: Unable to submit?

Applicants and Staff can reference [Help Guide for Applicants](#). This walks applicants through submitting. The most common reasons an applicant won't be able to submit their applications include:

- not filled in a mandatory/required field, this can include file upload question and budget grid
- have used alpha characters in a number question field,
- has gone over the word limit on a question,

All of these errors are highlighted in red on the review page which sits at the very end of the application. Sometimes the applicant has filled in the whole form but has not gone to the review page so does not see the submit button. The submit button sits on the review page.

Q: The round has closed, and I can't submit my applications for reason xxxxxx?

Unfortunately we cannot help as the Grantmaker (Funder) are the only ones that can grant an extension of time for you. The funders contact details are generally found on the first page of your application or on their website. If the grantmaker does not provide contact details you can do a google search for the funding organisation and use the organisation general contacts.

Q: When I log in I do not see my application.

You will find any submissions on the grantmakers applicant site under the '**my submissions**' link at the top of the screen. If your submission is not there, the most likely answers for this are:

Answer 1: Most likely you have created two accounts both with an application and are looking in the wrong account for the wrong application. Is there possibly an alternate email address you may also have registered. Do you know the correct application ID?

Answer 2: It is also possible that you had left it too long between saves when working on the application and the last save was not successful. Typically you have at least 60 minutes to save your work, however, your browser can also time you out after typically 15-20 minutes. Sometimes also your internet connection may be disrupted for some reason which will also disrupt the form access.

Unfortunately there is nothing we can do to retrieve your work, we can only recommend you click 'Save Progress' approximately every 10 minutes to ensure you do not lose data. Saved data is saved, unsaved data is always vulnerable.

Q: The date I am trying to enter is not being accepted?

The date must be in the format dd/mm/yyyy, you either use the date picker to choose a date or manually type it in, but it must be in the format dd/mm/yyyy.

3.7 Expected project start date

Q: When registering for an account I don't have a organisation name?

Don't worry, you can just put in N/A or your own name. This field is mandatory so you need to have some content in there, however it doesn't really matter what it is.
