Q&A

<p>Q. Can Holiday Break Program Partners apply for Winter / Spring 2024 funding if they have delivered all activities they have been funded for?</p>	<p>A – Holiday Break Program Partners are eligible to apply for the Winter / Spring 2024 Holiday Break Grant where it can be demonstrated that all activities they have been funded for as a Holiday Break Partner have been delivered. Organisations may submit one application as either the primary applicant or the downstream recipient. All applications from program partners will be assessed in line with the published criteria.</p>
<p>Q. What is a downstream recipient?</p>	<p>When grant funding is received from the NSW Government by a grantee and then is transferred by the grantee to another organisation/ individual (an indirect grantee), the indirect grantee is a 'downstream recipient'. This must be declared and recorded. Where a grantee uses the grant funding received from the NSW Government to procure (buy) a good or service (for example purchasing food or supplies for an activity) the provider / supplier is not a 'downstream recipient'.</p>
