

Appendix C

Updated statutory compliance table

Parramatta Light Rail Stage 2

Amendment Report

Updated statutory compliance table

Table C.1 provides a description of how the project (as amended), EIS and Amendment Report (where relevant) complies with the relevant statutory requirements summarised in Chapter 4 (Statutory context).

Table C.1 Statutory compliance table

Statutory requirement	Detail	Where addressed in the EIS/ Amendment Report
Environmental Planning and Assessment Act 1979 and Regulation		
<i>Environmental Planning and Assessment Act 1979 (EP&A Act)</i> Section 2 Objects of Act	The objects of the EP&A Act are guiding principles that need to be considered by planning authorities when making decisions under the Act.	Table C.3 of the EIS.
EP&A Act Division 5.2	Section 5.14(1) provides that the approval of the Minister for Planning is required to carry out State significant infrastructure. Section 5.17(1) provides that the proponent must submit an EIS for approval to carry out the State significant infrastructure.	Chapter 4 (Statutory context) of the EIS and Chapter 2 (Approval framework) of this report. The EIS and this report have been prepared in accordance with the requirements of Division 5.2.
Environmental Planning and Assessment Regulation 2000 Part 3 of Schedule 2 (Environmental impact statements)	The SEARs (General SEARs, item 1) require the EIS to be prepared in accordance with Part 3 of Schedule 2 of the Environmental Planning and Assessment Regulation 2000 (see Appendix A (SEARs compliance table)). Part 3 of Schedule 2 provides requirements in terms of the form and contents of the EIS.	Table C.1 of the EIS documents where the requirements of Part 3 of Schedule 2 have been addressed in the EIS. The updated assessment reports (see section 4.2 of the Response to Submissions) have been prepared in accordance with the SEARs as documented in Chapter 1 of each report. The EIS is consistent with the form and content requirements of the current Environmental Planning and Assessment Regulation 2021 as defined by sections 190 and 192 of Division 5 of Part 8, with the exception of the requirement for a declaration under section 190(3), which does not apply to the project by virtue of a savings and transitional provision contained in Schedule 8 to the Environmental Planning and Assessment Regulation 2021.
<i>Biodiversity Conservation Act 2016</i>	Clauses 7.9(1) and 7.9(2) provide that an application for approval of State significant infrastructure must be accompanied by a biodiversity development assessment report unless the proposed development is not likely to have any significant impact on biodiversity values. Clause 7.14(2) provides that, when determining an application in accordance with the EP&A Act, the Minister for Planning must take into account the likely impact of a proposed development on biodiversity values as assessed in the biodiversity development assessment report.	A biodiversity development assessment report was prepared (see Technical Paper 9) for the exhibited project, and potential biodiversity impacts are considered in Chapter 16 (Biodiversity) of the EIS. An Updated Biodiversity Development Assessment Report has been prepared as described in section 4.2 of the Response to Submissions. Potential biodiversity impacts of the amended project are considered in section 6.9 of this report.

Statutory requirement	Detail	Where addressed in the EIS/ Amendment Report
Other relevant Acts		
<i>Marine Safety Act 1998</i>	License under clause 97 of the Marine Safety Regulation 2016.	Section 4.2.1 of the EIS
<i>Protection of the Environment Operations Act 1997</i>	Environment protection licence to construct railway infrastructure.	Section 4.2.1 of the EIS
<i>Roads Act 1993</i>	Consent under section 138(1) to construct the bridge over Silverwater Road.	Section 4.2.1 of the EIS
<i>Sydney Olympic Park Authority Act 2001</i>	Roads within Sydney Olympic Park, which are not roads for the purposes of the <i>Roads Act 1993</i> , must be treated under section 40 of the <i>Sydney Olympic Park Authority Act 2001</i> .	Section 4.2.1 of the EIS
