Project performance

Noise and vibration issues, incidents, recommendations		
Date & Time	Location/s	Details
N/A		No noise/vibration incidents during January 2025.

Examples of good practices (if relevant)		
Date & Time	Location/s	Details
N/A		

Current works/AA Activities

No scheduled or defined works have commenced.

The AA has attended multiple Environmental Sustainability, and Environment & Planning meetings.

- *With no noise or vibration related activities during Sustainability meetings to date, the AA has requested advisement if they should arise and exclusion from attendance in the interim (while still receiving the Minutes)*

JHG contractual process ongoing for acoustic consultants: Construction (Renzo Tonin & Associates), and Operation (SLR).

Upcoming works and discussion of risks

Staging activities are focused on enabling works for delivery of a public and active transport bridge across the Parramatta River, including the approaches between Melrose Park (northern) and Wentworth Point (southern).

Site establishment of Melrose Park likely during February 2025.

Commencement of works anticipated, including Pre-construction minor works.

3 lots of low impact works proposed during February 2025.

- *Geotech in HAMU15 – 10 Feb approximate start date*
- *Heritage Investigations – 13 Feb*
- *Installation of Environmental Controls and Frog – 28 Feb*

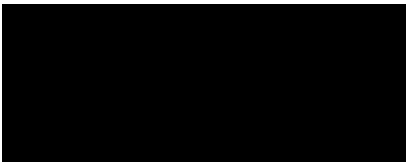

Wentworth Point compound currently on-hold.

Complaints and consultation

Not applicable. Works have yet to commence.

Other Items

Nil

Declaration

I certify that:

- this report has been prepared for NSW Planning, in accordance with the Acoustics Advisor Protocol for SSI 10035 and is accurate at 05/January/2025;
- the proponent has provided me with all the information I requested to allow me to prepare this report; and
- there are no matters that have impaired the objectivity of this report.
