Metres

Jindabyne Township - INSET

Note: Most navigation aids shown on this map exhibit a three digit identifying number. Please use this number to report faulty navaids or your position in an emergency.

Note: General information such as Caravan Parks, Hotels, Motels, Picnic Grounds and Public Toilets etc. are indicated as a guide only. Not all can be shown in some areas.

Note: Grid Datum is the Geocentric Datum of Australia - 1994, which is approximately equivalent to WGS-84.

CAUTION: Boating on inland waters demands special care. Information on boating in these areas can be found in the RMS Boating Handbook available from our Service Centres or by contact options shown on the map cover.

WARNING: BEWARE OF SUBMERGED ROCKS, TREES AND SHALLOW AREAS, PARTICULARLY AT LOWER LEVELS.

DISTANCE INFORMATION

Shown in BOLD purple refers to direct kilometres from Dam Wall. Caution actual distances required to be travelled maybe longer at lower levels.

Land contour interval 20 metres.
All heights and depths shown on this map refer to Australian Height Datum. (AHD)

For detailed land based information please refer to Land & Property Information Topographic Maps: Jindabyne 8625-3S and Kalkite Mountain 8625-3N. Also refer to their Snowy - Kosciuszko Tourist Map. www.lands.nsw.gov.au

For detailed Fishing information refer to Australian Fishing Network Map Number 9. www.afn.com.au

Unless exempt, you are required to hold a NSW Recreational Fishing Licence to fish in these waters. Anglers are permitted two attended lines.

For bag limits, size limits and seasonal closure information, contact the local Department of Primary Industries Fisheries Office or visit website www.dpi.nsw.gov.au/fisheries

LAKE JINDABYNE STORAGE LEVELS
Normal Full Supply Level - 909m AHD
Minimum Operating Level - 894m AHD

Water depth contours have been compiled from original survey information provided by Snowy Mountains Authority and are indicative only. Further information on Jindabyne Dam, current water percentage levels and the Snowy Scheme generally can be found at www.snowyhydro.com.au

Note: Most foreshore lands around Lake Jindabyne are privately owned and permission is required to step ashore.

JINDABYNE DAM FACTS
Rockfill construction
Completed 1967
Height 71 metres
Crest Length 335 metres
Gross Capacity 3,000 gigalitres
When full, surface area 3,035 hectares and a shoreline length of 64 kilometres.
