**NOTE:**  
Depth ranges have been compiled over time from various sources. They are indicative only and should not be relied upon for navigation.

**Note:** This area classified as Limited Open Waters. When waves exceed 0.5 metres from trough to crest in any part of this area, waters are Open Waters.

See Nautical Charts AUS 215, 216, 217 & 204 and Transport for NSW Coastal Boating Map number 9 for further information.

Most aids to navigation and courtesy & emergency moorings are marked with a 3-digit asset identifier. Please use this number to report faults or your position in an emergency.

Lit or unlit yacht rounding marks (YRM) may exist in this waterway. Symbols as shown on the map do not necessarily reflect actual shapes and colours of the marks used by individual yacht clubs.

**Note:** It is compulsory to carry certain safety equipment, including a lifejacket type 100 or greater for all on board, whilst navigating in the open (ocean) sea. Further information on what you should carry can be found in the Transport for NSW Boating Handbook available from all Services NSW offices or by visiting the Transport for NSW website.

**Smooth Water Plying Limit for vessels over 7.5m and Sailing vessels over 7.5m fitted with an approved motor.**

**Note:** Global Positioning System check point as shown by GPS\* is in WGS.84 co-ordinates to an accuracy of +/- 5 metres. Equipment should be checked against this point to determine any gross errors prior to any seaward journey. Depending on equipment, errors of up to 30 metres is not uncommon.
